EP.2 Kidnappers

NASTY CAT

Sorry I can't explain in detail.
But I still consider you precious friends.
So I believed in you and came back..
But still.. doing something behind Mister YoonSung Kim's back doesn't sit well with me. Though we still think of you as a friend..
I just don't feel right if it's like this.

Yeah.
The situation's as dangerous as it was with Nooshilteh.

Dumpilun crossed over at the size of the small Trouble and is preparing an attack!

Then does the Begger group know about this?

Why didn't they tell us?! It's not even a minor thing. It's Dumpilun..!!

Is Mister YoonSung perhaps...

He's the type to try to solve issues with minimal sacrifice.

Since you joined later, he probably wouldn't send you guys to the frontline. So we have to find our own way to deal with this.

Why! Now that we know, we can work together!

No. SaeYun's right.
I've had that feeling ever since we first met Mister YoonSung.

Mister would try his hardest to leave us in peace.

Yeah. On the Day of Unity and Peace too.

Even though we started in different places, we ended up working together with the Begger group.

We just have to do our own roles this time too.

Then...

What..

should we do?

... ...

For now...

Don't be so careful, and just put it in.

This blockhead. Maybe I should sew your mouth shut first.
I told you three times already, if you force it in, you'll get more unstable.

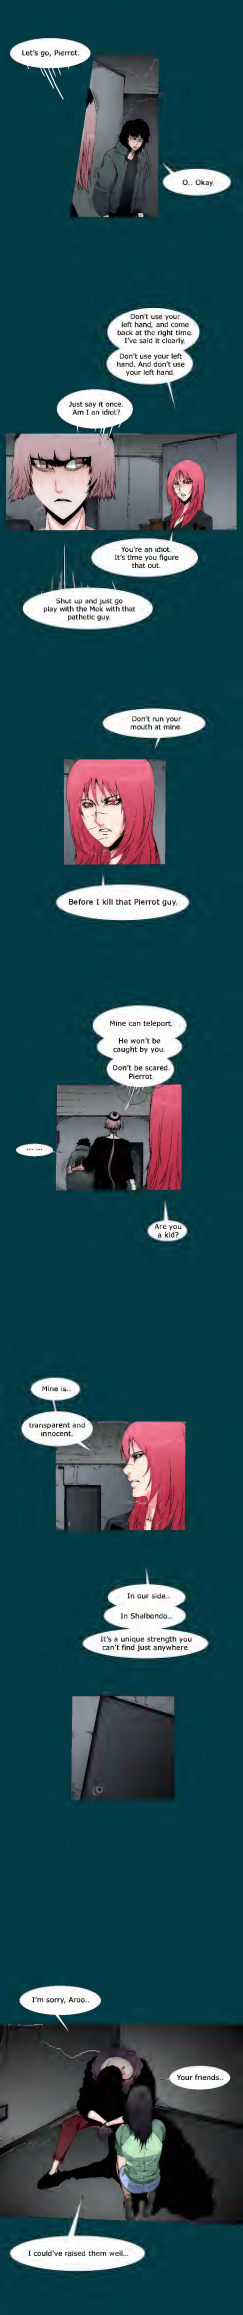
Rakkem. I really don't like you.
If your wings didn't have this function, I would've killed you already.
I came here about 70yrs ago. And in my loneliness, I thought that it'd be nice if I could just see someone.
And of all people, this son of a bitch crossed over
This is hell
Shuuuck---
Like I said, what's hell.

About 70yrs?
Isn't that way before Trouble became widely known?
Did she come over around the same time as God's Virus?

For now two
rustle...
rustle...
Now in two hours, I'll inject again.

Whoooooo
sh...

Hm..
It feels like some of the aching has gone down.
Shall I take a look around?



Let's go, Pierrot.
O.. Okay.
Don't use your left hand, and come back at the right time. I've said it clearly.
Don't use your left hand. And don't use your left hand.
Just say it once. Am I an idiot?
You're an idiot. It's time you figure that out.
Shut up and just go play with the Mok with that pathetic guy.
Don't run your mouth at mine.
Before I kill that Pierrot guy.
Mine can teleport.
He won't be caught by you.
Don't be scared, Pierrot.
... ...
Are you a kid?
Mine is..
transparent and innocent.
In our side..
In Shalbondo..
It's a unique strength you can't find just anywhere.
I'm sorry, Aroo..
Your friends..
I could've raised them well...

I know.

Aroo, I know what you mean, but..

My heart still aches so much.

That I have to send off 30 of them like this.

Aroo, I'm sorry that I'm not stronger...

Now..

Once this is over, I won't let anyone die..

I'll definitely find Mor too..

And..

ArmorLine!

Grraaah!!

Uw.. ahh!! I'll.. kill you..!

So it's woken up. He even taught Trouble to speak..

Why does ShiHyun Han obsess over Trouble like this?

He seemed crazy before. But more importantly, it'd probably be better for us to protect BumGi Suh.

Grrrr!!

YoonSung Kim doesn't want ArmorLine's identity to be known to the government.

We have to keep our promise.

Although I was in Russia on the Day of Unity and Peace, honestly, I don't think YoonSung Kim's ability is all that amazing.
Is he really someone worth believing in this much?
More than believing in his ability, I believe in him as a person.
And the reason why skilled ability users are currently gathered in one place without complaints...
probably isn't due to YoonSung Kim's ability.
Maintaining the Beggar group in itself is YoonSung Kim's biggest strength.
Please...
It'd be good if YoonSung Kim came back before Dumpilun starts moving again..
삐익!
What is it?!
Emergency call?!
Director Seohyuk Kim, sir! Are you there?!
What's going on?!
I'm here to report! The wormhole's radioactivity numbers are rapidly rising!
It seems that something is trying to cross over!
Really?!
Perhaps..!
Is YoonSung Kim...
coming back?
